Insulation*

Orange
STANDARD

CODEMARK™

- ✓ Soy Based Renewable Materials
- ✓ Recycled Plastic Content
- ✓ Lower Power Bills
- ✓ Healthier Cleaner Inhome Enviroment
- ✓ Greater Thermal & Acoustic Control
- ✓ No Air Gaps
- ✓ Contains No Formaldehyde

FIVE BENEFITS WITH ONE APPLICATION

www.nzfoam.co.nz - info@nzfoam.co.nz - 0800 NZFOAM

NZ Foam Standard Orange - our high-performing acoustic versatile spray foam insulation for residential and commercial construction creates a specialized engineered building envelope, which provides better acoustic resistance, an excellent air barrier and vapor retarder while still a good thermal barrier.

- ✓ Made from 20% renewable materials
- ✓ Decreases dust and air pollutants
- ✓ Maximises energy efficiency
- ✓ Minimises noise disturbance
- ✓ Contains no ozone depleting chemicals, gases, fibers or asbestos.

PERFORMS FOR THE LIFE OF THE BUILDING

Acoustic STC of around 50
